215.504.8649 or cianna.cooper@bucks.edu

The Academy is being offered
to high school students with
interest in science and hands-on
laboratory work.

Four-day summer experience.
Students will learn to:

- Manipulate DNA
- Extract proteins from cells
- Use industry-grade biotechnology equipment.

*This Academy is **FREE** and lunch
will be provided at no cost to the students.*

This Academy is provided through the Northeast Biomanufacturing
Center and Collaborative (NBC2) and funded by the National Science
Foundation, NSF Award #1501631
